#### Start here

The Census must count every person living in the United States on April 1, 2010.

Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines.

 Count all people, including babies, who live and sleep here most of the time.

The Census Bureau also conducts counts in institutions and other places, so:

- Do not count anyone living away either at college or in the Armed Forces.
- Do not count anyone in a nursing home, jail, prison, detention facility, etc., on April 1, 2010.
- Leave these people off your form, even if they will return to live here after they leave college, the nursing home, the military, jail, etc. Otherwise, they may be counted twice.

The Census must also include people without a permanent place to stay, so:

- If someone who has no permanent place to stay is staying here on April 1, 2010, count that person. Otherwise, he or she may be missed in the census.
- 1. How many people were living or staying in this house, apartment, or mobile home on April 1, 2010?

### Answering the Census is Safe

#### The Law Protects Your Answers.

By law, the Census Bureau cannot share your answers with the IRS, FBI, Welfare, Immigration or any other government agency. No court of law, not even the President of the United States, can find out your answers. And the same law that keeps your answers out of the hands of these agencies, prevents the Census Bureau from selling or giving away your address to people who want to send you mail.

#### **Highly Motivated Employees Protect Your Answers.**

Census workers are sworn for life to secrecy. They know that if they give out any information they see on a form, they can face a \$250,000 fine and a five-year prison term. Census workers must pass security and employment reference checks. Protecting the privacy of people who reply to the census is an important part of every census takers training.

#### **Technology Protects Your Answers.**

The Census Bureau protects your information with numerous security measures, including electronic barriers, scrambling devices and dedicated lines. Your answers are combined with others to produce the statistical summaries that are published. No one can connect your answers with your name or address.

- Every household will have the option of responding online, by mail, or by phone.

On or between	You'll receive:
March 12-20	An invitation to respond online to the 2020 Census. (Some households will also receive paper questionnaires.)
March 16-24	A reminder letter.
	If you haven't responded yet:
March 26-April 3	A reminder postcard.
April 8-16	A reminder letter and paper questionnaire.
April 20-27	A final reminder postcard before we follow up in person.

## What can your organization do to support the 2020 Census in Minnesota?

- Sign up to be part of the We Count MN network (this will make sure you get the We Count MN content)
  - Put We Count MN content in your regular newsletters
  - Use Social Media to distribute We Count MN content
  - Put We Count MN content on your websites
  - Send 1-5 email blasts between now and May 2020 to your existing lists with series of "census asks" (We Count MN to provide the content--commit to census, apply for census jobs, sign up to be an apartment captain, remember to fill out your form)
- Add We Count MN content with materials that are regularly distributed to clients, employees, constituents
- Organize "Commit to Census" outreach event(s)
- Organize Census Response Table(s)

### **2020 Census Roadmap**

The 2020 Census Statistics in Schools (SIS) program is being developed and implemented to increase awareness of, and the overall public response to, the decennial census by engaging administrators, teachers, students, and their parents/guardians in public conversations about the census. Additionally, the program will continue to promote understanding of statistical concepts and introduce the use of data to students in a variety of subjects.
