Our community includes more than 87,000 residents in seven cities: Arden Hills, Mounds View, New Brighton, North Oaks, Roseville, Shoreview, and Vadnais Heights.

District Enrollment: 11,066 students grades K-12

Two Kindergarten Centers, Six Elementary schools, Three middle schools, Two high schools, Two alternative High Schools

Demographics:
- 34% Students of color
- 29% Free/Reduced priced meals
- 11% Special Education

During the 2015-16 school year, 82% of students in grades 10-12 were enrolled in a college level course.
Adequate, equitable and stable funding is essential to ensuring equitable academic outcomes for our students.

- Increase the basic formula allowance and local optional revenue by at least 2.5 percent per year and index them to inflation.
Basic education revenue is the primary source of general operating funds for school districts.
Between 2003 and 2017, the basic formula has lost ground to inflation.
The basic funding formula would be $550 per pupil higher today if it had simply kept up with inflation.

**Minnesota’s Education Formula**

- Basic education revenue is the primary source of general operating funds for school districts.
- Between 2003 and 2017, the basic formula has lost ground to inflation.
- The basic funding formula would be $550 per pupil higher today if it had simply kept up with inflation.
We must strive to have every student graduate from high school ready for college and career.

• Ensure all students have the opportunity to take rigorous, college preparatory classes and dual credit courses to earn college credit.
About Concurrent Enrollment

- Concurrent enrollment courses are college courses offered at the high school in partnership with a college or university.
- Students who successfully complete these courses generate both high school and transcripted college credit from the partnering postsecondary institution. Also called “College in the High School.”
- There is no cost to the student to participate in these courses.
- By participating in concurrent enrollment, high school students complete college requirements that allow for greater flexibility when they enter the university setting full-time. Many concurrent enrollment alums find they are able to pursue second majors, participate in study abroad opportunities, and internships.
- Not only do concurrent enrollment students get a step ahead of other entering freshman in terms of credits, but they also gain college-level skills from concurrent enrollment courses.
- Partnerships developed between university faculty and high school teachers provide learning and training opportunities that may not otherwise exist.
- High schools establish themselves as education leaders by setting high standards, providing outstanding offerings, and preparing students for the 21st century.

October 25, 2015
Background on Higher Learning Commission faculty qualifications (cont’d)

- In November 2015, HLC allowed for postsecondary institutions with concurrent enrollment programs to apply for an extension that can be used to defer the implementation date up to 2022.

- In spring 2016, Minnesota State completed a systemwide review of all concurrent enrollment instructor credentials.
  - Of approximately 1,400 concurrent enrollment instructors, 24 percent currently meet the HLC faculty qualifications requirements.
Sec. 58. **NORTHWEST REGIONAL PARTNERSHIP CONCURRENT ENROLLMENT PROGRAM.**

**Subdivision 1. Definition.** "Northwest Regional Partnership" means a voluntary association of the Lakes Country Service Cooperative, the Northwest Service Cooperative, and Minnesota State University-Moorhead that works together to provide coordinated higher learning opportunities for teachers.

**Subd. 2. Establishment.** Lakes Country Service Cooperative, in consultation with the Northwest Service Cooperative, may develop a continuing education program to allow eligible teachers to attain the requisite graduate credits necessary to be qualified to teach secondary school courses for postsecondary credit.

**Subd. 3. Curriculum Development.** Minnesota State University-Moorhead may develop an online education curriculum to allow eligible secondary school teachers to attain graduate credit at a reduced credit rate.

**Subd. 4. Funding for Course Development; Scholarships; Stipends.** Lakes Country Service Cooperative, in consultation with the other members of the Northwest Regional Partnership, shall:

1. provide funding for course development for up to 18 credits in applicable postsecondary subject areas;
2. provide scholarships for eligible teachers to enroll in the continuing education program; and
3. develop criteria for awarding educator stipends on a per-credit basis to incentivize participation in the continuing education program.

**Subd. 5. Participant Eligibility.** Participation in the continuing education program is reserved for teachers of secondary school courses for postsecondary credit. Priority must be given to teachers employed by a school district that is a member of the Lakes Country Service Cooperative or Northwest Service Cooperative. Teachers employed by a school district that is not a member of the Lakes Country Service Cooperative or Northwest Service Cooperative may participate in the continuing education program as space allows. A teacher participating in this program is ineligible to participate in other concurrent enrollment teacher training grant programs.

**Subd. 6. Private Funding.** The partnership may receive private resources to supplement the available public money. All money received shall be administered by the Lakes Country Service Cooperative.

**Subd. 7. Report Required.** Northwest Regional Partnership must submit an annual report by January 15 of each year on the progress of its activities to the legislature, commissioner of education, and Board of Trustees of the Minnesota State Colleges and Universities. The annual report shall contain a financial report for the preceding year. The first report is due no later than January 15, 2018.

**EFFECTIVE DATE.** This section is effective July 1, 2016.
Northwest Partnership: 18 Online

Benefits of Enrolling Now

- **Free Tuition**: No cost to you up to 18 credits.
- **Easy Admission**: Streamlined admission for 18 Online participants.
- **Online**: 100% online delivery
- **Free Books**: Free books that are yours to keep.
- **Flexible**: Flexible classes delivered by MSUM faculty.
- **New Standard**: Ensure you have the proper teaching credentials by 2022.

Northwest Partnership: 18 Online

What is 18 Online?

Teachers instructing concurrent enrollment (dual credit) courses are now required by the Higher Learning Commission, the accrediting body for post-secondary educational institutions, to have a master’s degree in the subject matter they are teaching, or to have a master’s degree and 18 credits in the subject matter they are teaching. This important change will ensure teachers are adequately qualified to teach these advanced high school courses.

18 Online provides the 18 credits you’ll need to become a qualified content area concurrent enrollment instructor. It's the result of Minnesota House of Representatives bill H.F. 3326 and Senate bill S.F. No. 3062, which appropriated $3 million to provide curriculum development for the Northwest Regional Partnership continuing education program. It's a collaborative effort between Lake Country Service Cooperative, Northwest Service Cooperative and Minnesota State University Moorhead.
