Section 1. Minnesota Statutes 2018, section 134.355, subdivision 8, is amended to read:

Subd. 8. **Eligibility.** (a) A regional public library system may apply for regional library telecommunications aid on behalf of itself and member public libraries.

(b) The aid must be used for connections and other eligible non-voice-related e-rate program category one services. Aid may be used for e-rate program category two services as identified in the Federal Communication Commission's eligible services list for the current and preceding four funding years, or to improve Internet access and access to technology with items that are not e-rated, including but not limited to digital or online resources, if sufficient funds remain once category one needs are met in each funding year.

(c) To be eligible, a regional public library system must be officially designated by the commissioner of education as a regional public library system as defined in section 134.34,
subsection 3, and each of its participating cities and counties must meet local support levels
defined in section 134.34, subdivision 1. A public library building that receives aid under
this section must be open a minimum of 20 hours per week. Exceptions to the minimum
open hours requirement may be granted by the Department of Education on request of the
regional public library system for the following circumstances: short-term closing for
emergency maintenance and repairs following a natural disaster; in response to exceptional
economic circumstances; building repair or maintenance that requires public services areas
to be closed; or to adjust hours of public service to respond to documented seasonal use
patterns.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. SCHOOL AID FORMULAS ADJUSTED.

Subdivision 1. Special education. Notwithstanding any law to the contrary, fiscal year
2020 expenditures for employees and contracted services that would have been eligible for
state special education aid under Minnesota Statutes, section 125A.76, and for special
education tuition billing under Minnesota Statutes, sections 125A.11 and 127A.47, in the
absence of school closures due to COVID-19 must be included as eligible expenditures for
the calculation of state special education aid and special education tuition billing.

Subd. 2. School meals. (a) Notwithstanding any law to the contrary, for school meals
served beginning on or after March 16, 2020, the commissioner of education may adjust
the appropriations remaining under Laws 2019, First Special Session chapter 11, article 7,
section 1, subdivisions 2, 3, and 4, as specified in paragraph (b).

(b) On June 30, 2020, the commissioner must subtract the amount actually paid to
participants for the 2019-2020 school year under Laws 2019, First Special Session chapter
11, article 7, section 1, subdivisions 2, 3, and 4, through March 15, 2020, from the total
appropriations for each program. The commissioner must then allocate the remaining funds
under each appropriation to participants in the summer food service program on a per meal
basis for meals served on or after March 16, 2020, and before July 1, 2020.

Subd. 3. Career and technical aid. Notwithstanding any law to the contrary, for fiscal
years 2020 and 2021, the commissioner of education may recalculate career and technical
revenue for school districts, cooperatives, and charter schools to ensure that the total statewide
career and technical revenue does not fall below the amount estimated for fiscal years 2020
and 2021 based on the February 2020 forecast. For expenses incurred on or after March 18,
2020, the commissioner may recalculate school district, cooperatives, and charter school
amounts based on any other mechanism that allows for the full amount of this appropriation
to be equitably paid to school districts, cooperatives, and charter schools. These amounts
must be prorated at the end of each year if career and technical revenue were to exceed the
February 2020 forecast estimate of this revenue for these fiscal years.

Subd. 4. Nonpublic pupil transportation aid. Notwithstanding any law to the contrary, the commissioner of education may adjust the fiscal year 2020 pupil transportation expenditures used to determine nonpublic pupil transportation aid for fiscal year 2022 based on any mechanism that allows for the full amount of the state total fiscal year 2020 expenditure estimated in the February 2020 forecast to be equitably allocated among school districts.

Subd. 5. Interdistrict desegregation or integration transportation grants. Notwithstanding any law to the contrary, the commissioner of education may adjust the fiscal year 2020 pupil transportation expenditures used to determine interdistrict desegregation and integration aid for fiscal year 2021 based on any mechanism that allows for the full amount of the state total fiscal year 2020 expenditure estimated in the February 2020 forecast to be equitably allocated among school districts.

Subd. 6. Adult basic education aid. Notwithstanding any law to the contrary, for the 2020-2021 school year only, the commissioner of education may recalculate adult basic education aid to ensure that the total aid does not fall below the amount estimated for the 2020-2021 school year based on the February 2020 forecast. The commissioner may recalculate contact hour rate or otherwise adjust the formula so that the full amount of this appropriation to be equitably paid to aid recipients. These amounts must be prorated at the end of the year if adult basic education aid were to exceed the February 2020 forecast estimate of this aid.

Subd. 7. School employees; ensuring state revenue. Notwithstanding any law to the contrary, for purposes of state aid formulas under subdivisions 1 and 3, the commissioner of education may include in any counts and costs of essential personnel the services provided by individuals who were essential personnel prior to March 13, 2020, for the purpose of ensuring state aid payments to school districts, cooperative units, and charter schools are consistent with the February 2020 forecast.

Subd. 8. Literacy incentive aid. Notwithstanding Minnesota Statutes, section 124D.98, for purposes of calculating proficiency aid and growth aid for fiscal years 2021, 2022, and 2023 only, tests administered during the 2019-2020 school year must be excluded from the three year average proficiency percentage and from the three year average growth percentage. The commissioner may adjust the dollar amounts for proficiency aid and growth aid for Article 2 Sec. 2.
5.1 fiscal years 2021, 2022, and 2023 only, to ensure that the total statewide literacy incentive aid amount does not fall below the amount estimated for these fiscal years based on the February 2020 forecast.

Subd. 9. School-age care revenue. Notwithstanding Minnesota Statutes, section 124D.22, for fiscal year 2020 only, for spending on or after March 18, 2020, each district's school-age care revenue continues at its approved amounts and program funds may be spent consistent with the process, uses, and limitations of section 4 of this article.

Subd. 10. Developmental screening aid. Notwithstanding Minnesota Statutes, section 121A.19, for fiscal years 2020 and 2021, the commissioner of education must recalculate developmental screening aid for school districts to ensure that the total statewide developmental screening aid does not fall below the amount estimated for fiscal years 2020 and 2021 based on the February 2020 forecast. The commissioner may adjust the per child dollar amounts and distribute aid based on a district's proportion of children screened for each age group in fiscal year 2019. These amounts must be prorated at the end of each year if developmental screening aid were to exceed the February 2020 forecast estimate of this revenue for these fiscal years.

Subd. 11. Achievement and integration revenue. Notwithstanding Minnesota Statutes, section 124D.861 or 124D.862, or any other law to the contrary, for fiscal year 2020 only, a school district or charter school that has not spent the full approved amount of its achievement and integration revenue may use the unspent portion of that revenue for costs related to technology needed to provide distance learning.

Subd. 12. Report. The commissioner of education must notify school districts and charter schools of these formula changes as soon as practicable. The commissioner must issue a report by January 15, 2021, to the chairs and the ranking minority members of the legislative committees having jurisdiction over kindergarten through grade 12 education matters describing the formula changes and the distributional impact on school districts and charter schools.

6.13 (5) pay the portion of food service fund staff salary and benefits normally funded by meal reimbursement revenue during the closure period or distance learning period.
Subd. 4. **No aid or levy effect.** A fund or account transfer is allowed under this section if the transfer does not increase state aid obligations to the district or school, or result in additional property tax authority for the district. A fund or account transfer is limited to the operating funds and accounts of a school district, charter school, or cooperative unit.

Subd. 5. **Board approval required; reporting; audit trail.** A fund or account transfer under this section is effective June 30, 2020, and the school board must approve by recorded vote any fund or account transfer before the reporting deadline for fiscal year 2020.
