

# Together in Partnership

**To:** Minnesota High School Administrators and Coaches  
**Re:** Registration Information – “Together in Partnership” MSHSL Regional Student Meetings  
**Date:** August 23, 2023

During the 2022-2023 school year, Minnesota students created the MSHSL Behavior Expectations to ensure safe and respectful environments, free from harm. The MSHSL is excited to offer eight regional student workshops this fall to advance this vision. If you:

- Desire to engage, develop and support student leadership within your school and student activities;
- Are ready for your students to work together with students from other schools to provide the best environment possible for student activities and athletics;
- Believe your school community must honor contests and all of those involved in it;
- Want to provide your student leadership team a platform to create an action plan that promotes a positive culture in your school activities program;

Then these regional student meetings will benefit your school! To participate in "Together in Partnership," register and attend one of the eight regional student meetings.

### “Together in Partnership” Regional Student Meeting Information

Date	Area	Site	Registration Deadline	Time
Sept. 11	Northwest	*Lincoln High School, Thief River Falls	Sept. 4	8:30-11:30 a.m.
