## Legislative Charge

As required by Minnesota Laws 2023, Chapter 55, Article 1, Section 33, the Minnesota Department of Education (MDE), in consultation with the Department of Employment and Economic Development (DEED), must annually report to the legislative committees with jurisdiction over education the balances in unemployment insurance aid accounts and information about the annual changes in reimbursable costs for school workers receiving unemployment insurance benefits by January 15. To the extent possible, the report must break out the costs by district and major job classes. The report must be filed according to Minnesota Statutes 2023, section 3.195.

## Background

Minnesota Statutes 2023, section 124D.995, established the School Unemployment Aid special revenue account, which included a one-time appropriation of \$135 million. The funds are to reimburse eligible local educational agencies (LEAs) for the cost associated with providing unemployment benefits to school employees under Minnesota Statutes 2023, section 268.085, subd. 7(b).

This report provides information on the current known costs of those benefits paid by LEAs as of December 31, 2023. The current known costs were provided via voluntary surveys conducted by MDE to LEAs, and as such are estimates only. Final, validated data for fiscal year 2024 will be available January 2025. Not all school districts and charter schools supplied information regarding their eligible unemployment costs via the voluntary surveys, and a preliminary review of survey submissions indicate that some data may have been provided in error.

## Report

This report provides information on the current known costs to LEAs for unemployment benefits eligible for unemployment reimbursement aid under Minnesota Statutes 2023, section 124D.995, for the period from May 28, 2023, to September 30, 2023, as reported via two voluntary surveys to school districts and charter schools. The first survey, deployed in October 2023, asked LEAs to provide the total amount they were billed by DEED for unemployment benefits under Minnesota Statutes 2023, section 268.085, subd. 7(b). As a result of the first survey, MDE issued a metered school unemployment aid payment to responding school districts and charter schools on November 30, 2023, equal to 90 percent of their reported costs. In total, MDE issued \$36.4 million in payments leaving the school unemployment aid account with \$98.6 million remaining and \$44 million estimated to be paid when fiscal year 2024 data and corresponding payments are finalized. Final payments and adjustments to LEAs will be determined after final fiscal year 2024 data submissions are received by MDE in December 2024 and subsequently validated in January 2025.

The second survey, deployed in December 2023, asked LEAs to provide the total cost of these benefits for the following employment categories: 1) paraprofessional, 2) food service, 3) transportation, 4) clerical, 5) maintenance, and 6) other. The statewide, unvalidated results for the major job classifications are as follows:

	<b>Paraprofessional Expenditures</b>	<b>Food Service Expenditures</b>	<b>Transportation Expenditures</b>	<b>Clerical Expenditures</b>	<b>Operations and Maintenance Expenditures</b>	<b>Other</b>	<b>Statewide Totals</b>
Total Costs	\$26,354,835	\$4,782,469	\$2,579,616	\$2,680,910	\$57,958	\$2,148,498	\$38,604,286
% of Total	68.27%	12.39%	6.68%	6.94%	0.15%	5.57%	

Detailed results by LEA appear in Appendix A.

Although MDE worked to encourage participation in the surveys, not all LEAs submitted information; thus, this report will not include all eligible costs. All LEAs will receive a final payment in January 2025 equal to their actual costs even if they did not submit estimates during this survey process. Since MDE is unable to validate the accuracy of data submitted via the voluntary survey process, any questions related to the LEA data included in this report should be directed to the specific LEA.

## Conclusion

Based on the voluntary survey data provided by LEAs and anticipating additional costs for this reporting fiscal year in May and June 2024, the preliminary distributions for fiscal year 2024 are estimated to be approximately one-third of the one-time \$135 million appropriation. Over two-thirds of the costs of benefits were reported as generated by the paraprofessional employment category.

MDE will collect final data related to the fiscal year 2024 school unemployment aid from school districts and charter schools through their annual financial submission process by December 15, 2024. Additional data may be submitted in May and June of 2024 dependent on LEA receivable protocols. This will be reflected in the final payment and in the January 2025 legislative report.

## Appendix A – Survey Results

The following table represents the data submitted by LEAs via the second survey. Districts without any reported expenditures did not submit any data (gray shading) or submitted data indicating no expenses.

### Unemployment Insurance Reimbursement Aid

Estimated data as submitted by eligible LEAs for expenses incurred from May 28, 2023 and September 30, 2023.

District	Name	Paraprofessional Expenditures	Food Service Expenditures	Transportation Expenditures	Clerical Expenditures	Operations & Maintenance Expenditures	All Other Expenditures	Total Expenditures
